1. I am in receipt of the attached note which was sent me via my nephew, [redacted]. 2. Under the circumstances, I think it would be useful to contact [redacted] and interview him for possible recruitment either in the Career Trainee Program or otherwise. I would appreciate knowing eventually the outcome of your approach.

P.S.

I quote from the covering note which [redacted] wrote to my nephew in which she does not use [redacted] name but refers to him anonymously as follows: "I have a young friend, just finishing university who wants to go into the Air Force intelligence service. He has already done his military service in the Air Force. I feel that he is a good candidate for CIA and would like him to have an interview with the proper people. You might remember that both [redacted] and myself did that work during the last war, so I am pretty reliable judge of types."
